

BEVERLY CRANLEY

LADY CAPTAIN 2023

I was a late starter, only taking up golf after I retired. I was encouraged by my then future husband who now says that he created a monster! What I lack in skill I make up for in enthusiasm.

I previously played at Maxstoke Park GC which also has water holes including the castle moat. Nothing as scary as I found Bean when I first started playing here.

I hope, with Andrew's help, to encourage more female members this year and, on a personal note, to improve my golf.
