TEAM BUILDING ACTIVITIES

THE CRYSTAL CUBE

An exciting activity designed to test teams mental and physical skills, and most importantly....team work!

The Crystal Cube challenge has been inspired by the popular TV game show and is suitable for indoor or outdoor team building events. Teams will take the plunge in a number of tasks, which will include skill, physical, mystery and mental elements as they work their way through various zones. Will they have done enough to succeed in the Crystal Cube?

LIGHTS, CAMERA, ACTION!

A fun orientated, team building activity in which teams have to produce a short film trailer, a television commercial or a music video.

Tasks include establishing each others roles, writing a storyboard, planning the production, writing a script and later performing live for the camera. This team building event is ideal for those who like to be in front of a camera and those who like to be behind one. A great finale for the day is to have an awards ceremony with a screening of the days productions.

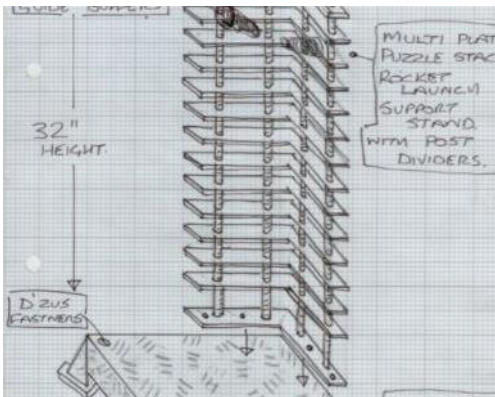

TEAM BUILDING ACTIVITIES

ROCKET CHALLENGE

Rocket to the moon!

The government has decided that it is time for this country to rediscover that flair of invention, creativity and adventure that made this country great!!! All budding scientists, engineers and inventors are to compete head to head in constructing a rocket ship launch pad. Then it's off to Mission Control to start the launch countdown. A successful launch and the rockets safe return to earth determine the missions' level of success.

SOAPBOX DERBY

This fun non-motorised team activity challenges you and your team to design and build outrageous soapbox dream machines.

You will use your finished vehicles to compete against the other teams in a challenging timed slalom course, where points will be up for grabs as well as easily lost.

For this event to be run indoors a large space will be required.

TEAM BUILDING ACTIVITIES

ONE TRIBE

A collaborative team event where the whole group is working toward one goal.

Guests will be divided into 'Tribes', and each tribe will need to communicate and work together to complete a series of short challenges to obtain gems. These gems can then be exchanged at the Trading Post for materials, and to buy important information which is key to building a giant pyramid.

CONNECTIONS

Collaborate for success!

Your objective is to build railway around an Island. Sounds simple? Each team is allocated their own section to build and will have various roles to fulfil. Although the group is divided into teams, this is a collaborative exercise designed to encourage delegates to look at the bigger picture and avoid "silo" thinking.

TEAM BUILDING ACTIVITIES

BAKE ON

Roll up your sleeves, reach for the oven gloves and use your loaf in one of our baking team building activities.

After a short introduction and demonstration the chef will challenge the teams to make a variety of bakery and pastry items. Teams then go head to head to make, bake, and ice, a variety of bakery items while the clock is ticking. Penalties will be given for under cooked cake or split custards in this face paced and fun team building event

PUB OLYMPICS

On your marks.....get set.....play!

A fun and fast paced games tournament that is great as pre / after dinner entertainment or a breakout session.

Guests will arrive at a varied games zone where teams will rotate around each game and play head to head to score as many points as they can.

TEAM BUILDING ACTIVITIES

THE CRATE ESCAPE

Thinking outside of the box....

Teams are tasked to solve the mysteries hidden within the crate.

In order to be successful, communication is key as multiple clues and unrelated items need to be connected if the team are to find the hidden gems within.

TEAM DEVELOPMENT

Using a number of carefully selected challenges, and our psychometric profiling tool 'MiRo', ACF can help you to create a winning team!

Understanding the way we perceive ourselves and others is a big step to becoming a more productive, efficient and happy team! There are times when a team may not be functioning as well as it could be, or perhaps there are some clashes within the group. It could be that it's just time to have a refresh and take a step away from day to day operations. Our team development day can help participants to understand themselves 'better', and also understand the team dynamics within their working environment.
